

This concerns applicants for authorization via Nordic association for sexology (NACS) due to the law of Data Protection Regulation (GDPR) for EU based residents, by May 25<sup>th</sup> 2018. [https://www.dropbox.com/en\\_GB/security/gdpr](https://www.dropbox.com/en_GB/security/gdpr)

Once your application has been received by mail, it will be added to the drop box for the national committee. When the application is considered possible for assessment of the NACS Authorization Group, the application will be added to the dropbox for the authorization committee of NACS (NACSAC). This can be read by all the countries in NACS; Finland, Denmark, Sweden, Estonia who are members in the EU. But the information will also be read by the NACSAC members on Iceland, and in Norway who are not members in the EU.

I have read this information and agree to this procedure.
